## From the Bethel Town Office

The Board of Selectmen met in regular session on Monday evening, Sept. 10, at the Grange Hall in West Bethel.

The Board reviewed correspondence concerning the proposed Dole Woods subdivision on Bailey Road and its potential effect on traffic safety from vehicles entering and exiting the Bailey Road.

As the Town does not have the funds to reconstruct the Bailey Road, it was agreed that the best interim safety measure would be to request that the State lower the speed limit on Route #26 in that area. The Board voted to request that the speed limit be lowered from 50 m. p. h. to 40 m. p. h. from Telstar Regional High School to the intersection of Route #26 and Cross Street.

Gail Connors, owner of The Cedar on Broad Street, met with the Selectmen to ask about installing a business directional sign near the intersection of Main Street, Mill Hill Road, Church Street, and Broad Street. The Selectmen asked that a specific proposal be developed for their consideration at a future meeting.

The Board approved the American Legion's application to operate a game of chance (sealed tickets), reviewed the August financial statement, and reviewed correspondence from the Town of Stow concerning the Tree Growth Tax Law.

The Selectmen clarified the policy set at the last meeting concerning liquor license renewal applications. The Board will review each application for renewal of a license six to eight weeks before it expires and hold a public hearing on applications from establishments from which they have received citizen and police department complaints.

A bus transportation system for Oxford County including Bethel proposed by Isaac Russell, Norway, was discussed. The Selectmen, based on the Chamber of Commerce Survey and comments from businesses and private citizens, voted to send a letter to the Public Utilities Commission in deprecating their support for bus transportation in the Bethel Area. The Manager was directed to send copies of the letter to Mr. Russell, Hudson Bus Lines, Brunswick Transportation Co., and Western Maine Transportation Co.

The Selectmen reviewed changes in the Town's street lighting system presented by the Manager and approved requesting CMP to make the proposed changes. These continued on Page Four

## ART EXHIBIT PLANNED FOR GOULD ALUMNI WEEK END

On Saturday, Sept. 22, there will be an art exhibit featuring primarily local artists and area scenes which will be held on the Bethel Common from 10 a. m. to 4 p. m.

The exhibit will be the second one to be held in connection with the Gould Academy Alumni Week End festivities. It is open without charge to any artists living in or connected with the Bethel area. Gould and Telstar students are welcome to display their work. In the event of bad weather, the exhibit will not be held.

The Gould Academy started its 144th year as a college preparatory institution this past week.

Headmaster Donald W. Fudge welcomed all students and faculty at a special assembly held in Bingham Auditorium on Sunday, Sept. 9. In his remarks he outlined the philosophy and objectives of the school that allows students to qualify for admission to a college or university by developing the skills and knowledge necessary for success in college and beyond, to live in an educational community of concerned students and faculty, to develop close contact with teachers who have high professional standards, and to develop non-academic interests through activities, clubs, and athletic teams.

Gould's 94 new students come from a variety of states and foreign countries. Maine has provided 24 of this year's numbers or 26%.

In all, New England provided 57% of the new students. New York with 11 students ranks third behind Maine and Massachusetts with 16. Other states and countries represented include Maryland, Virginia, West Virginia, Illinois, New Jersey, Ohio, California, Pennsylvania, Alaska, Nicaragua, Liberia, Hong Kong, Bermuda, Quebec, Japan, Norway, Syria, Saudi Arabia, France and West Germany.

The total school student population is 201 which represents a 12% increase over last year's starting group. By classes, this figure breaks down as follows: 28 freshmen, 35 sophomores, 65 juniors, and 14 seniors with 187 boarding and 14 day students. Five students, two from Germany and three from France are part of Gould's Foreign Exchange Program with three Gould students spending their fall terms in Europe, two in France and in Germany.

During the week prior to opening of school, many students returned for soccer and field hockey training camps, proctor orientation, and new student orientation and camping trips. This year's trips including an overnight hike in the Presidential area, canoeing in the Kennebec area, and another hike in the Evans Notch area. These afford new students the opportunity to get to know one another as well as some of the faculty before school begins. Thus, they do not feel as lost when the campus is full and classes, sports, and activities begin in earnest.

## S.A.D. 44 Bd. Nixes Computer Purchase

The M. S. A. D. #44 board of directors meeting at Telstar Regional High School on Monday evening of this week declined to approve the purchase of an IBM 5110 computer.

Considerable discussion was engendered by the issue. The main concerns expressed were the fact that the machine under consideration was not budgeted in FY1980, and continued increases in fuel costs may cause a \$25,000 deficit in these areas, as will the ravages of inflation in other areas of the budget and the effects of a recession in the communities of the district.

It was the opinion of Sup. Kenneth Smith that sufficient savings could be made by elimination of an office staff member in his office to cover the cost of the machine in a four or five years period. The directors turned down the proposal by a recorded roll call vote of six in favor and eight opposed.

Following a presentation by the Career Education Team the directors approved a Five Year Career Education Plan for S. A. D. #44. Commenting during the discussion were Career Education Team members Kathleen Guinness, Helen Berry, Ralph Niemi and Ted Davis.

The directors approved a Restructured Day Program for the 1979-80 school year. Nine of the days are scheduled: Oct. 17, Nov. 14, Dec. 5, Jan. 30, Feb. 27, March 26, April 9, May 19 and June 4.

On these days, student would be dismissed at 12:30 after their lunch. Parents will receive proper notice and explanation of the days. The staffs of Telstar Regional High School and the Middle School have expressed a desire to be included in several of the days. The program's trial period last spring included only the elementary schools of the district.

Mrs. Patricia Blake was approved as a cook assigned to the Telstar Cafeteria. Eugene Kelly was approved as a full-time space bus driver / custodian. Authorization was granted to post a bus driver vacancy (5 to 6 hours a day).

The following appointments to non-athletic extra-curricular positions were approved: Jerry Heffley, Telstar band director; Cheryl Lord, Telstar yearbook advisor; Thomas Riley, Middle School newspaper advisor; June Henry and Linda Yates, Middle School drama coaches.

Approval was granted a Parents' Handbook for Ethel Bisbee School. Early in the meeting, Mr. Smith reported that enrollment as of Sept. 7 was 1,330, compared with an enrollment last June of 1,304.

Enrollment this fall by school is as follows: Andover Elementary, 110; Crescent Park Elementary, 203; Ethel Bisbee Elementary, 116; Locke Mills Elementary, 47; Woodstock Elementary, 151; Middle School, 277; Telstar Regional High School, 426.

Just prior to the meeting's close the board held a half-hour executive session to discuss negotiation matters.

Board members absent Monday evening: John Laban, Bethel; James Sysko, Newry; Sheryl Wilbur, Woodstock.

The next meeting of the S. A. D. #44 board will be held at the Woodstock Elementary School on Monday evening, Sept. 24.

## Greenwood City

— Mrs. Callista Morgan, Corres. —

Labor Day is past; the children have returned to school. Those two facts alone tell us that summer is nearly over. Some days haven't felt that way this past week. I have taken three hikes, two with Ruth and Fay and one alone.

This is the time of calling owls. Back and forth across the pond among darkened trees, I hear them just before dawn.

There's heavy dew most mornings which brings out the pearls of moisture on the various spider webs across the lawns.

Now is the time for fungus. We noticed so much of it on our walks. They have pushed up in places to make a tiny forest. So many pretty colors. Some grow one above the other on a dead tree. Their shape is like a flat biscuit. The tiny red caps about the size of a penny were the rare ones.

Some would say, "Why bother to hike up hill or to the top of mountains or through wilderness areas?" We go because we like the out of doors, pure air, wild flowers, wild life, exercise, and adventure.

Hiking can't be enjoyed by everyone but it has its advantages and gives one a chance to see things that otherwise go unnoticed. It was such a beautiful day Tuesday that, with my camera and binoculars, I set out alone up over Noyes Mountain—destination the Buck Place, as we always call it.

After leaving the Bulldozer Road I crossed the farm fields; I looked for the hornets' nest first and it was gone. I felt a bit sad that all their hard work and home were gone. Where? I wonder.

In the second field, there was an airy "swoosh" and three humming birds converged on a flowering bush. They moved forward and back with slender bills darting in and out of the flowers. So rapidly did they go that they reminded me of a sewing machine needle at work.

In the third field there grows a lone evergreen tree not far from a wall where the farm field ends. In a semi circle at its base grew white toadstools each about six feet apart. They couldn't have been better spaced if some one had put them there. I couldn't believe the formation.

Turning right now, I went through a gap to the one time pasture which is now thick with junipers.

A few monarch butterflies came drifting, pausing to sip sweetness then sailed along the hillside. Soon they'll join the parade south.

Entering the field where the Garland farm once was, I stepped into the old cemetery, so neglected over the years. Still stands a natural fruit apple tree just over the wall.

I stopped as I usually do when going by to peak within the cellar holes and then wonder about how the buildings looked.

Above me a hawk rose up and up. It moved in quick circles. Once it swerved and plunged possibly fifty feet with speed compared to the wink of an eye, to swoop up again with much the same pattern as before. What speed and nerve tension these maneuvers display!

This over, I went on to cross the next property line.

I could see wind writing here. I traced it by the shimmer of leaves, bending and nodding. It was welcome because now I was very warm from the long climb.

I followed the wood road by the "remains" of the camp. A terrible sight with every inch of land covered with dry pine and fir needles and branches. It made me cringe. What a fire hazard! With my binoculars I searched the distance. I inspected a village which was probably Norway.

Picking my way back to the road I met a chipmunk, otherwise I saw no animals. But there were deer tracks of different sizes imprinted in the mud. In one place, as small as a delicate shell, was the track of a fawn. As I mounted a little ridge, and then descended, I could see where a moose had followed the road before me.

At my right a tree kept squeaking its complaint about something. I continued down over another

The storm was quite hard here. Several families were without electricity for several hours, and telephones out also. A large piece was blown off my TV antenna and limbs broke of my willow tree. However no serious damage anywhere.

ridge to the spring. So many years it has been there. What a natural well spring—cooling and refreshing—a gift of wonder.

Now I turned to retrace my route back, facing the mountains all the way.

I kept pausing to use my binoculars and pick out places in the valley I had hiked over the years since I retired from the school room.

Some side roads were green carpets. I could steal soundlessly on living plush and smell the sweetness of newly cut fir branches.

How different this beauty from that which surrounded the ghost camp.

On down across all the fields and down the Bulldozer road I went, completing a five mile hike and adding another memory of a pleasant day in nature's environment.

We were in Shapleigh on Friday to get my sister, Annie Mills, who will stay with us for a visit.

Mr. and Mrs. Robert Holt and Danny, Windsor, were at the farm to visit Mr. and Mrs. Leonas Holt and Ann Holt.

Ruth Hastings and I attended Delta Kappa Gamma in Peru on Friday evening.

## North Paris

— Eveline Barrett, Corres. —

Sept. 2, there was a friendly get-together at "Big Rock" farm. Mr. and Mrs. Robert Wilcox, Marge Chambrillo, Blanche Brown, Art Bouguin, Mr. and Mrs. Carl Anderson of Portland, Conn., Mr. and Mrs. Herman Card, Mr. and Mrs. Maynard Emery, Mr. and Mrs. Ellsworth Lawrence and the hosts, Joe and Laura. The beautiful dinner was delicious. It was our last long week end holiday of the summer.

Mr. and Mrs. David Lyons spent the week end at Peak's Island, and Susan stayed for a longer visit with her mother and aunt.

Doris Lawrence attended the 50th wedding anniversary party of Harold and Mae Wager at the Legion Hall, West Paris. Later Doris and Root Lawrence accompanied Mr. and Mrs. Albert Penley Sr. to the Welchville Grange supper and spent the evening with Hazel and "Pete" Collette at Lake Thompson.

My nephew James Coffin, 8, who caught a pig in the scramble at North Waterford fair, lost his little pig Thursday night. It was killed by his neighbor's dog. And Jimbo is heart broken. Dog laws don't mean a thing today for the dogs still roam.

Laura Kalinowski received word Sept. 3 that her sister, Blanche of Portland, Conn., had passed away, so she and Joe went home Tuesday, and Doris Lawrence cared for the cats and dog. Two days later Blanche's husband passed away (in coma several days) so both funerals were held Saturday morning and the Kalinowski's came back Saturday evening. Our sympathy to the family.

Callers at Barrett's were: Henry McCullis, Saco, George and Rowena Forbes, Brunswick, Scott, Heather Islay, Doris Lawrence.

Mr. and Mrs. Nathan Islay and four children were at Amesbury, Mass., Thursday night and Friday. Mrs. Florence Islay, Nathan's mother, who had been visiting in Massachusetts for one week, returned home with them.

Callers at Lawrence's: Mr. and Mrs. Carroll Records, Mr. and Mrs. "Pete" Lawrence, Eveline Barrett, Patty Henderson, Nancy Mason, Heather, Timmy, Marge Chambrillo, Mr. and Mrs. Bob Wilcox, Connecticut; Mr. and Mrs. Herman Card, Mr. and Mrs. Joe Kalinowski, Wilbur Lawrence, Larry Lozier, Gorham, N. H., Mr. and Mrs. Dale Coffin, Jeff and Jimbo. Jeff mowed the lawn; Mr. and Mrs. Bob Scherf, Jenny, Barbara Felt.

September 2, I took Joe Barrett to McDonald's for lunch, then we rode to Norway Lake through Greenwood and back to the nursing home. It was a bit too much for him and he was very confused for awhile. So I'll eat with him as I have been doing. Doris Lawrence cut Joe's hair Sunday.

It's good to see the big yellow buses go by.

Hope we have good weather for the fair.

## S. A. D. 44 ADULT ED. PROGRAM OFFERING NEW COURSES

The S. A. D. #44 Adult Education program will be offering a number of new courses this fall. A complete schedule is available elsewhere in this issue for information on the instructors, locations and dates for all courses.

Barbara Gasser will instruct a class in Exercise Dance on Wednesday evenings. Mrs. Gasser has taught similar classes in Fryeburg and was involved as a choreographer with the community musical produced in Bethel last spring. Also on Wednesday evenings, Dan Hannon of the Telstar faculty will offer a Sports class. This will provide the opportunity for instruction and the opportunity to participate in a variety of sports and games, and will allow use of the many types of equipment in the Telstar High School gym, including the weight machine, volleyball, basketball and archery. Andover resident Carol Emery will teach an Exercise class for men and women at the Andover School Gym on Monday nights.

Another new offering this fall will be a course in the Architectural Styles of Western Maine, to the Bethel Library by George Allen. Mr. Allen is a staff assistant at the Bethel Town Office and is involved with a number of projects including surveys of architectural landmarks. The course will make use of slides and optional field trips, and will focus on differences and similarities in the styles of residential, commercial, and church architecture, as well as the planning of towns.

Carol Gersen, who has taught other courses in Adult Education in S. A. D. #44, will teach an Advanced Quilting section on Thursday nights at Telstar. This course is designed for people who have done some quilting and have moved a bit beyond the basic techniques. Mrs. Gersen plans to get into such topics as color design, and such related quilting techniques as applique.

The individual in relation to others will be the general topic of several courses. Phyllis Dock will lead a class exploring the individual with relation to the community. You and Your Community. This will be held on Monday evenings, and will be concerned with values clarification, communication skills, existing community agencies, and setting of priorities. Becky Bailey will explore the interaction within groups in her course, Groups, to meet on Tuesdays at Gould Academy. Marjorie Demarest of the Telstar faculty will conduct a Community Skills Workshop, which will focus on an individual's ability to communicate, analyzing and improving communication techniques. This will be held on Wednesday.

Skip Twitchell, who is a new addition to the Telstar faculty, will instruct a Basic Car Care course on Monday evenings, and on Wednesday will teach Small Engines. The Woodworking class originally planned for this fall will be offered later in the year.

Suzanne Taylor, also of the Telstar faculty, will lead a class in Literature on Thursday afternoons

## CLAMSHHELL ALLIANCE TO MEET SEPT. 19 IN NORWAY

The Western Maine Clamshell Alliance will meet at the Second Congregational Church, Norway, on Wednesday evening, Sept. 19, at 7 o'clock. A film, "Better Active Than Radioactive Tomorrow", will be shown. The public is encouraged to attend.

at the Bethel Library. This class is designed for people who love to read and to talk about what they have read. Mrs. Taylor plans to use a variety of materials, such as short stories, poems, and longer works, as well as to encourage sharing of individual reading.

Two new faces will be involved in Adult Education in the area of Foods. Sue Field of Andover will offer a course in Cake Decorating at the Andover school on Thursdays. Mrs. Field learned her craft at the Institute in Rumford. Margaret Joy Tibbets, for her decorative cakes. A Culinary Experience under the title of Foods Lab, will take place on Thursdays at Telstar, under the direction of Merton Brown. Each week will feature a different guest cook from the local area demonstrating their specialty. Merton will also provide a multi-media approach, with music, slides and other cultural exchanges, as many of the demonstrations will feature the cooking of a particular country.

A new course this year will address the potential fuel situation. A course in Home Energy Conservation techniques has been developed by the Rural Housing Institute of Oxford County Community Services, and will be offered by their staff member Mark Ancker on Thursdays. Some of the subjects to be covered include heat loss analysis, draft proofing, caulking, and the use of the sun.

Information on these, or any of the courses, is available from Cathy Newell, Director of Adult and Community Education.

## ANNUAL MEETING OF BETHEL HISTORICAL SOCIETY HELD SEPT. 6

The annual meeting of the Bethel Historical Society was held Thursday evening, Sept. 6, in the meeting room of the Dr. Moses Mason House. The traditional potluck supper preceded the business meeting.

The report of the Nominating Committee consisting of Chairwoman Judy Haskell, Betty Perkins and Willard Wight was presented to the membership: President, Catherine Newell; Secretary, Edith Eddy; Treasurer, Louise Lincoln; Trustee for this year, Margaret Joy Tibbets. It was voted to accept the report. The retiring officers this year were Trustee Pearlline McMillin and Treasurer Margaret Joy Tibbets, who have made many contributions to the success of the Society.

President Catherine Newell announced that the 1980 calendars are now available and that the cook book should be ready soon once the binding is completed.

## OFFICERS ELECTED

At the annual meeting of the Bethel Historical Society last Thursday evening, Sept. 6, five new officers were elected for the coming year. Left to right: Donald Bennett, vice president; Edith Eddy, secretary; Margaret Tibbets, trustee; and Cathy Newell, president. Louise Lincoln, the newly elected treasurer, was absent.

She commended the hardy group of volunteers who so efficiently completed the task of collation.

In her review of the year, Mrs. Newell cited the following developments and accomplishments: "Outside-In" exhibits placed on display at both Telstar and Gould viewed by several hundred persons; a very successful history of Bethel course offered; a profitable 1979 calendar offered for the first time; five new life members added to the rolls; a popular slide program on Gould Academy through the years presented at Alumni week end; a highly successful Heritage Day held in February during Winter Carnival; the announcement of a \$250,000 endowment from the William Bingham II Trust for Charity and the receipt of the first \$50,000 installment; the visitation of the museum by nearly 500 students; the hosting of a regional workshop sponsored by the Maine State Museum on fund raising; 44 individuals or organizations made donations to the Society's collections; the award of the Dr. Moses Mason prize to Tim Kersey for his essay on local history; a successful and generally well attended summer lecture series; a very successful art exhibit featuring the work of John J. Enneking; the milestone of reaching 300 members; the publication of the 1980 calendar and the printing of the Society's cook book. President Newell told the membership that this record seemed to indicate good progress on all phases of the Society's work.

Following the business meeting, the traditional showing of slides of old photographs acquired during the past year were shown by Society Director Stanley Howe and many comments were received from those present as to identities and history.

In other action, the Board scheduled meetings with the Water District Trustees (Sept. 24), Recreation Board (Oct. 8) and Planning Board (Oct. 22). The committee will meet with the Selectmen and representatives of Hunter-Bellew, the town's consultant on the project, the Federal Aviation Administration, and the Maine Department of Transportation on Tuesday evening, Sept. 25, in the Bethel Savings Bank Meeting Room, to review this material. The first three chapters encompass the inventory and forecasting sections of the study. A copy of this draft report is on file in the Town Office and is available for inspection during regular office hours.

changes were recommended to improve lighting and yet reduce costs. The proposed high pressure sodium lights similar to those in use on Main Street give more light and at the same time operate at a lesser cost. The proposed changes will not expand the present lighting system and it is estimated that the changes will reduce the Town's cost by \$20 per month.

**WEST BETHEL UNION CHURCH**

Last Sunday, after a five-week absence, we welcomed back our Pastor, Bert Griffith. For the past few months, it has been my pleasure to condense some of his sermons for this column. I must tell you that when I first began typing his message proclaiming the Gospel, it all sounded like me, and much of it I had heard before, but the real message had never really reached my heart.

As each week passed, I listened in church to the Word of God as Pastor Griffith preached, and then typed the Word of God. It soon became apparent that my life was changing, and that the promises of the Scriptures were becoming real in my life. I started attending Bible study every week and learned what it means to really pray. We experienced the joy of fellowship with other Christians and heard how their prayers and ours had been answered. I knew that I had started MOVING TOWARD GOD.

It is safe to say that I do not know what the Holy Spirit will bring into my life. There will be ups and downs, and some old habits depart very slowly. One thing is certain, however, the old pathway which was long and hard has opened to a new road which is new and exciting. Take that first step and see for yourself. Come to church and hear God's word. Free yourself of the burden of sin by letting Jesus Christ come into your life. You too will start moving toward God.

## Upton

—Mrs. Arline Bernier, Corres.—

I am sorry the news items of two weeks ago were not printed. They included notice of a service which I'd included by request but must have fallen by the wayside. It would have been bad enough had I forgotten to write them, but this is worse.

Hurricane David brushed his tail at us Thursday. Besides the usual limbs, branches and trees in the road, a couple of trees fell in Mr. Thompson's (Gramp's) dooryard.

It blocked his exit to his outdoor plumbing and water pump and broke telephone and electric light lines. Thanks to the everyday visiting-checking telephone system of which Gramp is a VIP member, other folks were alerted to a possible mishap and his trees were soon cleared, the Public Service and telephone business offices were called. Public Service said all trucks were out working, and Continental said they'd have the phone repaired in the morning. Another resident learned of the situation, realized what a long night of isolation it could be, and knew how to get the job done promptly. By dusk, Gramp was a "happy man" although he'd loaned a lamp and had no chimney for the second so had only candles and a flashlight.

A large tree fell across the line on Mill Road and the power was off until 11 p.m. when the Public Service trucks arrived to repair lines in Upton.

It couldn't happen, and it shouldn't, but it did. I had my feet between a tractor axle and a draw bar when the hydraulic brought them together. I spent the rest of the afternoon with my feet elevated and surrounded by ice or cold water bags. Marjorie York, R. N., helped me through the shock, trauma and early severe pain and has made check calls since. I do necessary travel on a child's backless chair atop a dolly. Since my planned work has suddenly become impossible, I'm more responsive to the seductive come-on looks my knitting bag has been slyly casting after a summer of apathy—or maybe a new Artek deer which has only a few white spots so far.

The church roof was recently

## ELEANOR GORDON GUILD TO RESUME MEETINGS

The first fall meeting of the Eleanor Gordon Guild will be held on Wednesday, Sept. 19, at the home of Mrs. Bea Lowell in Newry. A pot luck supper will be served at 6:30, with each member furnishing a hot dish and a salad. Devotions will be led by Mrs. Debbie Adams and the program, furnished by Mrs. Frances Saunders, will be a housewarming party. Members will be accepting outside orders to benefit the Guild.

Painted, improving looks and quality. When the sun shines there appears to be ice drops glistening on the eaves. Two spots were painted differently, one a triangular shape below the beltrey, the other a rectangle from the chimney which appears as a shadow. It gives an interesting appearance when there is a real shadow at a different angle.

Paula Dickerson is having a well dug by her place.

Buster Williamson is having work done on his septic system and Gilles is also working on a new system for Elsie Fuller.

We have had very light frost and expected September weather. The mountain hues and lake colors are changing.

Mrs. Francis Harding, Mrs. Carroll Valentine, Mary Valentine, Mrs. R. R. Tibbels and Margaret Joy Tibbels of Bethel were in Upton on Labor Day Sunday and enjoyed a fine dinner at the Up Country Restaurant. They were too early for fall foliage but say the trip is lovely at any season.

The Upton bus was not repaired and checked through the summer so the children are being transported via a 66 passenger bus on loan from Telstar.

Mr. and Mrs. Michael Bergeron announce the arrival of Joseph Michael Bergeron born Aug. 13. He is number 20 on the list of grandchildren for us. I went with my daughter, Juanita Korhonen of Newry, to visit him last Friday. With his long hair, long fingers and great lungs, he will be some sort of musician I'm sure.

Mr. Harrington hauled a load of chicken manure onto Heritage Farm by mistake. It was supposed to have gone onto Robert Dapallo's land but Dappy had told him the end of the road and was not around when it arrived.

REBELS SWEEP IN FIELD HOCKEY

Rachel Mills and Marlene Bean scored first half goals Saturday to give Telstar a 2-0 field win over visiting Sacopee Valley.

Karen Brooks made three saves for the Rebels while Sacopee's Diane Hamilton stopped seven shots.

In junior varsity play, Becky Roberts scored the only goal of the game and Cindy Fiske was credited with the shut-out as Telstar edged Sacopee, 1-0.

TELSTAR 28-16 WINNER OVER MEXICO IN GRID OPENER

The class D Telstar Rebels controlled the ball on the ground to open its 1979 football season with a non-league 28-16 win over class C Mexico Saturday afternoon on the victor's field.

Telstar initiated the scoring in the first period with a 75 yard drive off the opening kick-off. The drive took 13 plays, culminating with a 15 yard pass from quarterback Doug Webster to Sheldon Hilyard in the end zone. The Rebels then pushed the ball over for a two-point conversion.

Telstar increased their lead in the second period with an eight-play drive covering 52 yards; Russ Palmer breaking off tackle for 17 yards and the TD. The conversion failed.

Mexico's special teams made the game close again in the second quarter when safety Ralph Carter picked up a fumbled punt and ran 30 yards and into the end zone with the ball. The two-point conversion was good.

Telstar however, added an insurance marker before the half on Palmer's 15 yard jaunt for the final margin of victory. Both teams played even in the second half.

Telstar racked up 278 yards on the ground in the game, 114 of it being accounted for by halfback Palmer on 15 carries, and another 100 being contributed by fullback Rusty Van Deusen on 16 carries.

Mexico's loss was softened by the yeoman defensive efforts of defensive tackles Rob Provencher and Tom Whynt.

— **Clarice Gibson, Corres.** —  
A beautiful fall week end after the end of hurricane David. Thursday we had rains and winds which did some damage; but no large amount.

Billy Shimamura and Betsy Van Deusen were united in marriage Saturday at the West Parish Congregational Church. The groom is the son of Mr. and Mrs. Joe Shimamura and grandson of Mrs. Thelma Merrill. Jody Shimamura was one of his brother's ushers. The wedding ceremony was very lovely as it was, I think, different than the usual. Cathy Littlefield accompanied by John Smith sang two renditions, and Billy, also, sang a song to Betsy. They also each lit a third candle together to show that they were now united; but each put his first candle back in to the candleabra to show that even though they are now united, they each have their own individuality. I especially liked this part as even though we love we should not be smothered. A reception was held at the Legion Hall after the ceremony. This was decorated in large bells and streamers. A lovely buffet lunch was furnished and, of course, the traditional wedding cake. The couple will reside on Vernon Street after a brief honeymoon on the coast.

The night before the wedding the wedding party had supper at the Yokahama, Gorham, N. H.

Attending from our road were Mr. and Mrs. Robert Stearns, Mr. and Mrs. Ricky Seames and Dawn, Mr. and Mrs. Charles Mason, Jr., and Carole and Melinda, Mrs. Pat Saunders and Richard, and myself; also Mrs. Charles Mason III and Jennifer.

Mr. and Mrs. Ricky Seames and Dawn, Mr. and Mrs. Charles Mason, Jr., Carole and Melinda, and Sherry Harmon of Hiram attended the horse show at Oxford County Horse Show at the Norway fairgrounds, Sunday. Carole was Reserve High Point and Melinda was chosen High Point. Sherry Harmon rode Mason's horse Smokey and won one first, one second, and one fourth.

Mr. and Mrs. Charles Mason, Jr., Carole and Melinda, Mr. and Mrs. Charles Mason III and two children, and Mr. and Mrs. Charles

**You Have to Believe**  
You have to believe in happiness  
Or happiness never comes.  
I know that a bird chirps more or less,  
When all that he finds is crumb.

You have to believe the buds will blow  
Believe in the grass in the days of snow.  
Oh that's the reason a bird can sing—  
On his darkest day he believes in spring!

You have to believe in happiness,  
(It isn't an outward thing).  
The spring never makes the song, I guess,  
As much as the song, the spring!

Aye, many a heart could find content,  
If it saw the joy on the road it went.  
The joy ahead when it had to grieve,  
For the joy is there, but you have to believe!

I don't know of any better way to start the week than go some place on Monday. Then you usually go some place on Tuesday and so on all the week, I've left off wearing my old hat as I don't have time to grab it off the hook between the calls to "go."

Monday the 3rd several of us went to Franklin Grange #124 at Bryant Pond and held office.

We read in the paper of the wedding of Eddie Kennett and all

wish him and his bride all the joy and happiness married life can bring.

Darnita Yates is working at Moore's Restaurant for the balance of the season.

The Rowe reunion will be held Sept. 16 at Bryce Yates'.

Don't believe the Yates's went any place Tuesday, the 4th. They stayed home and made Zucchini relish. Gosh but it's good. Peggy did go to town.

And Wednesday—what a day? Yours truly had a new congo-um laid in her kitchen. Is she some punkins now?

Thursday it rained—and it rained and the wind blew. Somebody said it was the last end of David

something but it was a wet end. Joe and I made green tomato mince meat—wrote letters—and after supper the three Tripp ladies came out and they audited the Grange books ready for installation of the new Grange officers Saturday night by Chester Hayes of Shelburne, N. Rusty and Samantha Merrill helped their grandmother, Peggy Blake, one day recently.

we "on with our duds" and headed for Norway. Our intention was to be back early in the afternoon but it turned out to be 4 p. m. We found the house open when we returned and Viva and Laura were waiting and wondering "Oh where can they be?"

Peggy Blake, Joe and Eva Yates attended a cookout at Crocker Pond Sunday night with the Alfred Merrill family. It was cool but a good time was had by all.

Mrs. Julie Daye and daughter were in Portland recently working for M. S. disease.

**Many Maine homeowners have switched  
and saved on their electric bills.  
Maybe you can, too.**

Since early this year, a number of Maine homeowners have saved on their electric bills by switching a major part of their use of electricity from day to evening.

If you use more than 6,000 kilowatt hours of electricity in your home, you may be able to switch and save, too, with Central Maine Power Company's Time of Day rate.

### When you use electricity determines how much you'll pay.

Under the residential Time of Day rate, you're billed not just according to how much electricity you use, but when you use it.

That way, the electricity you use between 9 in the evening and 8 in the morning weekdays and anytime during the weekend, will cost you less than the electricity you use between 8 in the morning and 9 in the evening during the week.

This cost difference is an incentive for you to shift your heaviest use of electricity from daytime to evening hours.

When you do, you help CMP hold down generation costs. And this gives you an opportunity to control the size of your monthly bill based on the time you use the most electricity.

### How to find out if you qualify.

1. You must use at least 6,000 kilowatt-hours of electricity a year. To see if you do, add up the number of kilowatt-hours you used in any twelve months. You'll find the number of kilowatt-hours you used during any single month listed in a box at the top of your power bill.

2. You must live in a single family home or an apartment house where there is a meter for each apartment.

3. The Time of Day rate program is limited to the first 2,000 residential customers who qualify, and implementation of the program depends on avail-

ability of special meters. Qualifying customers will be selected on the basis of date of application.

4. The Time of Day rate is not for everyone. In order to save money, you'll have to shift a major portion of your electric use to nighttime hours and weekends on a continuing basis.

### How to get things started.

Fill out the coupon below and mail it to us. We'll mail you a Time of Day rate brochure. The brochure will provide you with the information you need to determine whether the Time of Day rate might be right for you — according to the kinds of appliances you use and the way you use electricity. The brochure includes a personal meter reading record and an application.

After we receive your completed application, we'll contact you for a personal interview. Be sure to include your CMP Account Number, which you'll find at the upper righthand corner of your monthly bill.

Please send me the Time of Day brochure. I'd like to find out if I qualify to participate in the Time of Day rate program. I understand that this request in no way obligates either me or Central Maine Power Company.
